

# Proposed Uxbridge Urban Provincial Park

## POSSIBLE OPERATIONS

- In 2022, Ontario Parks saw over 12 million visits.
- If regulated, the park is expected to see visitors from the local communities as well as the Greater Toronto Area and beyond.
- The park could allow people to experience the beauty of Ontario's natural environment and contribute to the local economy.
- A park management plan will provide direction for areas for protection, uses and development.

- Ontario Parks can provide operational oversight as a world-class system provincial parks and conservation reserves.
- Creating a provincial park would bring more jobs to the local community.
