Exploration Permit/Permis d'exploration

Number/Numero:

PR-23-000261

This permit is issued under the authority of section 78.3 of the *Mining Act* and the Exploration Plans and Exploration Permits Regulation (O. Reg. 308/12). It is subject to the provisions of the Act and regulation as well as the terms and conditions included in this permit.

Ce permis est emis conformement aux dispositions de section 78.3 de la *Loi sur les mines* et des reglements et est sujet aux restrictions et dispositions de ce lois et reglements ainsi qu'aux conditions ci-enoncees.

Note: The issuance of this permit does not relieve the applicant from the responsibility of acquiring any other agency, board, government, etc. approval as may be required nor does it relieve the permittee from the requirements of any other legislation or guarantee access to the land.

Remarque: La déliverance de ce permis n'exempte pas le demandeur de l'obligation d'obtenir l'autorisation de tout autre organisme, commission, gouvernement, etc. qui pourrait être exigée, n'exempte pas le titulaire des dispositions de toute autre loi et ne garantit pas l'accès à la terre.

Ministry of Northern Development and Mines

Activity Details Report

Under Section 78 of the Ontario Mining Act

Collection of personal information, if any, or subsection 178.2(1) of the <i>Mining Act</i> for the section 37 of of the <i>Freedom of Information</i> be posted in a modified form on the Ministry Environmental Registry for public comment Mineral Exploration and Development Sect 933 Ramsey Lake Road, Sudbury ON P3E	e purpose of creating a public record as de and Protection of Privacy Act. This informate of Northern Development and Mines webs. Questions about this collection should be ion, Ministry of Northern Development and	scribed in Ition may also Site and on the directed to the	Preferred language of correspondence English French			
Fields marked with an asterisk (*) are mandatory.						
1. Project Details						
Project Name * Saturday Night						
Name of Early Exploration Proponent * Transition Metals Corp.						
Is the proposed early exploration area within the project area for an existing filed closure plan? * Yes Vo						
Are there any mine hazards identified in the <u>Abandoned Mines Information System (AMIS sites)</u> in your project area? * Yes No						
Enter the Universal Transverse Mercator Coordinates (UTM) in North American Datum 83 (NAD 83) Grid for the centre of your project area						
Zone (N) * 16	Easting (m) * 319,750	Northing (m) * 5,390,250				
2. Exploration Logistics and Detailed Information						
Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information. No explosives will be used						

What commodity or commodities are being sought in the work program?

Platinum (Pt), Palladium (Pd), Gold (Au), Copper(Cu), Nickel (Ni), Cobalt (Co)

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

The crew(s) will be transported by trucks from Thunder Bay, ON, to the property by means of Route ON-102W, then onto Mapleward Road, continuing onto Route ON-591N, and then continue onto Gilbride Road, turning onto the property by means of forestry roads. Then by ATVs or snow mobiles along existing forestry roads and trails; and through areas of clear cut (where applicable); dependent of weather and/or seasonal conditions.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail. Equipment will be transported by trucks from Thunder Bay, ON, to the property by means of Route ON-102W, then onto Mapleward Road, continuing onto Route ON-591N, and then continue onto Gilbride Road, turning onto the property by means of forestry roads. Then by ATVs or snow mobiles along existing forestry roads and trails; and through areas of clear cut (where applicable); dependent of weather and/or seasonal conditions.

What type of equipment will you be using for all of the early exploration activities?

4-Wheel Drive Trucks, all-terrain vehicles for personnel/gear transportation; such as side-by-sides (UTVs), quads (ATV), or snow mobile (or equivalents, depending on weather or seasonal conditions); Caterpillar D6 track-type Dozer, or equivalent; CAT-320 HC Excavator or equivalent; Unitized VDR5000 diamond core drill rig (sled mounted) with ancillary equipment or equivalents

What type of drilling will take place? (e.g. core drilling, reverse circulation)
Core Drilling (DDH), in either HQ (ideal) or NQ core diameter (or combination there of); dependent on ground conditions, recovery rates, overburden depth, over burden composition, and competency of bedrock.

Do you anticipate the removal of the drill cas Yes No	ing?					
If yes, when will you be removing it? Immediately 3 to 6 months	☐ 6 to 12 months	to 2 years				
For the exploration activities you have selected in your early exploration submission please fill in the associated details (required for all activities proposed). *						
Geophysical surveys requiring a generator	► Type of Survey Borehole El	ectromagnetic (EM)/Induc	ced Polarization (IP)			
Line cutting	► Estimated total line length		metres			
Mechanized Stripping	► Planned Number of stripped I	ocations				
	Estimated total area of strippi	ng	square metres			
Pitting and Trenching of Bedrock	► Planned Number of Pits/Tren	ches				
Mechanized Drilling	 ▶ Planned drill hole diameter ☐ 1 - 5 pads ☐ 6 - 10 pads ☐ 11 - 15 pads ✓ 16 - 20 pads ☐ > 20 pads 	9.6	centimetres			
Please identify any non-prescribed activity/a activities Creating trails for the purposes of early e Creating roads for the purposes of early e Creating/setting up camp(s) to house per Number of people in camp	xploration exploration	early exploration activities	exploration activity/			
✓ Ground geophysical surveys without a generator ✓ Airborne geophysical surveys						
Are you planning to store fuel or other hazardous materials on the property? * Yes No						
Please provide any other information relevant to this project. Main access to the property, as described above, will be by the forestry roads which grant access to local aggregate site (gravel quarry), located on the south side of Gilbride Road in the project area.
