Are there any easements or restrictive covenants affecting the subject land? * Yes No If yes, describe each easement or covenant and its effect. Use a separate page, if necessary.		Yes ✓ No	•			-		

4.	Designation of Subject Lands					
4.1	Name of the official plan N/A					
4.2	What is the current design N/A	nation(s), if any, of the subject land in	the applicable official plan? *			
4.3	What is the present zoning, if any, of the subject land? N/A					
4.4	If the land is covered by a N/A	Minister's Zoning Order (MZO), what	is the regulation number?			
4.5	If the land is covered by a N/A	Minister's Zoning Order (MZO), what	uses are permitted by the order?			
5.	Current and Propose	ed Land Use				
5.1	Use of Property	Severed	Retained			
	Existing use(s)	Driveway	Seasonal Recreational			
	Proposed use(s)	Driveway	Seasonal Recreational			
5.2	East Seasonal Recreational and Commercial Tourist Resort (Smith Camps) South Seasonal Recreational					
	West Lake of the Woo					
6.	Former Uses of Site	and Adjacent Land (History)				
6.1	Has there been an industrial or commercial use, or an orchard, on the subject land or adjacent lands? Yes No Unknown If yes, specify the uses.					
6.2	Has the grading of the subject land been changed by adding earth or other material(s)? ☐ Yes ☑ No ☐ Unknown					
6.3		ated on the subject land or adjacent	and at any time?			
6.4	Has there been petroleum Yes No	Unknown or other fuel stored on the subject lan Unknown the subject land may have been conta	nd or adjacent land? aminated by former uses on the site or adjacent site?			
		Unknown	annuated by former uses on the site of adjacent site?			

2029E (2022/11)

	What information did you use to determine the answers to the above questions on former uses? Owner's personal knowledge.
6.6	If yes to any of (6.1), (6.2), (6.3) or (6.4) an inventory of previous uses of the subject land or, if appropriate, of the adjacent land(s), is needed. Is the inventory of previous uses attached?
	☐ Yes ☑ No
	If the inventory is not attached, why not? N/A
6.7	If yes to any of (5.1), (5.2), (5.3) or (5.4) was an Environmental Site Assessment (ESA) conducted under the <i>Environmental Assessment Act</i> or has a Record of Site Condition (RSC) been filed? Refer to Appendix A
	Yes No Unknown
	If no, why not? Explain on a separate page, if necessary.
	N/A
_	
7.	Consultation with the Planning Approval Authority (Check boxes where applicable)
7. 7.1	
	Consultation with the Planning Approval Authority (Check boxes where applicable) Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * Yes No
	Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * ☐ Yes ☑ No
	Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * Yes No If yes, and if known, indicate the file number and/or the name of the person discussed this with.
	Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * Yes No If yes, and if known, indicate the file number and/or the name of the person discussed this with. Have you consulted with the municipality/planning board on the application's conformity to the official plan?
7.1	Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * Yes No If yes, and if known, indicate the file number and/or the name of the person discussed this with.
7.1	Has there been consultation with the Ministry of Municipal Affairs and Housing prior to submitting this application? * Yes No If yes, and if known, indicate the file number and/or the name of the person discussed this with. 	Private Services					

11.3 Hauled Sewage

If development is proposed on privately owned and operated individual or communal septic system, provide confirmation that there is adequate reserve sewage treatment capacity for hauled sewage (septage) resulting from the proposed development. See Table B below.

	Type of Servicing	Servicing Reports/Information Needed				
Sewage Disposal	a) Publicly owned and operated sanitary sewage system	Applicants must provide evidence in their application that there is municipal confirmation of sufficient uncommitted reserve sewage system capacity to service the development at the time of conditional consent.				
	b) Public communal septic	Development generating effluent of more than 4,500 litres per day may need a servicing options study and hydrogeological report.				
	c) Privately owned and operated individual septic system	If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed, a servicing options report and a hydrogeological report may be needed.				
		If proposal would produce effluent less than 4,500 litres per day, a hydrogeological repormay be needed.				
•	d) Privately owned and operated communal septic system	If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed, a servicing options report and a hydrogeological report may be needed.				
		If proposal would produce effluent less than 4,500 litres per day, a hydrogeological report may be needed.				
•	e) Privy	Provide details on location and size of out-houses.				
•	f) Other	Please describe.				
Hauled Sewage		If development is proposed on privately owned and operated individual or communal septic systems, applicant must provide evidence in the application showing either:				
		 i) municipal confirmation of sufficient uncommitted reserve sewage system capacity for treatment of septage resulting from the proposed development; OR 				
		 ii) confirmation (i.e., letter) from a commercial enterprise (private provider) for hauled sewage (septage) indicating that capacity is available to accommodate the specific proposal. 				
Water Supply	a) Publicly owned and operated piped water system	Applicants must provide evidence in their application that there is municipal confirmation of sufficient reserve water system capacity to service the development at the time of conditional consent.				
•	b) Privately owned and operated individual well	Development on communal or individual well system may need a servicing options report and a hydrogeological report. Non-residential development on communal well system may need a hydrogeological report.				
	c) Privately owned and operated communal well	Development on communal or individual well system may need a servicing options report and a hydrogeological report. Non-residential development on communal well system may need a hydrogeological report.				
	d) Lake	A Permit to Take Water may be required. Contact your regional Municipal Services Office and the Ministry of Environment, Conservation and Parks office for guidance.				
	e) Other water body	Please describe.				
	f) Other means	Please describe.				

Notes

- 1. To facilitate review of the application, submit a letter from the municipality to show concurrence (or not) with the recommendations in the servicing options report.
- 2. Before undertaking a hydrogeological report, consult MMAH for advice given the location of the subject land.
- 3. Where communal services are proposed (water and/or sewage), ownership of these services must be assumed by the municipality or a public body through a signed letter of acceptance.
- 4. To facilitate review of the application, submit a letter from the local health unit indicating that the site is developable and could accommodate the proposal.
- 5. A building permit is required for septic systems under Part 8 of the Building Code. See Appendix A.

12.	Access						
12.1	The proposed road	access would be by: *					
·	Municipal road maintained all year						
	Certain type of devel	Note: (See Appendix A for information on MTO Access Permits) Certain type of development is not permitted on seasonally maintained roads. Early consultation with your regional MSO is recommended.					
12.2	Additional details on	"other public road" and "right-of-way"					
,	Would proposed roa	d access be by:					
•	Crown road	✓ Local roads board					
12.3	If access to the subje	ct land is by "other public road" or "right-of-way", or private road, indicate:					
•	i) The owner of the la Ministry of Natural	ind or road					
٠	ii) Who is responsible Storm Bay Local R	ii) Who is responsible for maintenance Storm Bay Local Roads Area Board					
	iii) Whether maintena Year Round	iii) Whether maintenance is seasonal or year round Year Round					
	Note: Access by righ	t-of-ways and/or private roads are not usually permitted, except as part of a condominium.					
12.4	Is water access ONI	_Y proposed? *					
	☐ Yes ✓ No						
	If yes, on a separate these facilities from to Attached	page, describe i) the parking and ii) docking facilities to be used and the approximate distance of ne subject land and the nearest public road access.					
	You may be required that capacity is availa	to provide a letter from the owner(s) of a commercially operated parking and docking facility indicating able to accommodate your specific proposal.					
13.	Proposal Waste D	isposal					
13.1	Garbage disposal is proposed to be by:						
	☐ Garbage collection	n ☑ Municipal dump ☐ Crown landfill ☐ Other					
13.2	Other Services Please check the other services available and the provider(s) of these services.						
,	Services	Provider					
	✓ Electricity	Hydro One					
	School bussing	-					
	Other						

13.3 a) The proposed stormwater drainage would be by: Natural drainage

14. Sketch: Use the attached sketch sheet.

To help you prepare the sketch, refer to the attached sample sketch.

- 14.1 The application shall be accompanied by a sketch showing, in metric units, the following:
 - The boundaries and dimensions of the subject land, the part that is intended to be severed and the part that is intended to be retained;
 - The location, size and type of all existing and proposed buildings and structures on the subject land, including their setback from the front yard, rear yard, side yard and opposite side yard;
 - · The boundaries and dimensions of any land abutting the subject land that is owned by the owner of the subject land;
 - The approximate distance between the subject land and the nearest township lot line or landmark, such as a railway crossing or bridge;
 - The location of all lands previously severed from the parcel originally acquired by the current owner of the subject land;
 - The approximate location of all natural and artificial features on the subject land and adjacent lands that, in the opinion
 of the applicant, may affect the application, such as buildings, railways, roads, watercourses, drainage ditches, river or
 stream banks, wetlands, wooded areas, wells and septic tanks;
 - The current use(s) on land that is adjacent to the subject land;
 - The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
 - If access to the subject land is by water only, the location of the parking and boat docking facilities to be used;
 - · The location and nature of any easement affecting the subject land;
 - The severed parcel, the date of transfer, the name of the transferee and the use of the land.

15. Other Information

15.1 Is there any other information that may be useful to the ministry in reviewing this application (e.g., information relating to the requirements and policies in the municipal official plan or efforts made to resolve outstanding objections or concerns by area resident(s), the municipality, other)?

If so, explain below or attach a separate page with this information.

Please see attached Schedule "A".

- 15.2 The original or certified copy of any other information and materials, as required by the official plan of the municipality/planning board, must be provided with this application.
- **15.3** Where applicable and relevant information is available in a planning report submitted to council, or in a technical study/ report(s) prepared for the proposal, please provide the name, section and page number if you have referenced the study/ report(s) in any of the questions above.
- :15.4 Include a copy of the agreement of purchase and sale for the proposed severed lands and a statement from a lawyer certifying that there are no abutting lands.

Appendix A

Some General Requirements for Development Applications Where Ministry of Municipal Affairs and Housing is the Approval Authority

Planning Application Fees

Fees are required for permit(s) and certificate(s) of approval and set by individual permitting agencies. There is also an application processing fee for consents and other planning applications to be submitted to the Ministry of Municipal Affairs (MMAH) (a certified cheque or money order made out to the Minister of Finance) at the time of submission of the application.

Please see the attached Fee Schedule for more details.

Early Consultation

Prior to formally submitting an application, the applicant and/or agent(s) are strongly encouraged to contact staff of the regional Municipal Services Office (MSO) of the MMAH to discuss the development proposal. Early consultation is highly beneficial, as the applicant can review the proposal with ministry staff and discuss what supporting documents and information may be required.

Please contact your local Municipal Services Office (MSO) to discuss your proposed development. (Refer to Page 1 for office locations).

Consistency with the Provincial Policy Statement (PPS)

The Planning Act requires that decisions affecting planning matters "shall be consistent with" the PPS which supports a comprehensive, integrated and long-term approach to planning in Ontario, and recognizes linkages among policy areas. The PPS is intended to be read in its entirety and the relevant policies are to be applied to each situation.

For more information, visit the ministry's website: www.ontario.ca/page/ministry-municipal-affairs-housing

Conformity to Official Plan

Assessment/review of a consent application is based on land use planning legislation, policies and principles and potential social, economic and environmental impacts. A major consideration is conformity to the official plan policies.

Applicants are advised to determine if the proposed development is in conformity with official plan policies by discussing the proposal with MMAH and/or the relevant municipality/planning board.

Some 'Commonly Required' Permits and Approvals

Part 8 Permit/Certificate of Approval for Sewage System

Consents proposed on small, private sewage servicing systems, generating 10,000 or less litres of effluent per day on one lot, would require a Part 8 permit under the Building Code issued by either the local municipality, public health unit or area conservation authority where it exists (if there is no health unit). The municipality (through the health unit or conservation authority) administers Part 8 of the Building Code that sets out the standards for locating accepted kinds of sewage/septic systems on a lot.

Prior to issuing a permit, the health unit would inspect the property, may stake the septic system site and recommend to the planning approval authority whether a servicing options report and/or a hydrogeological report is required.

Consents proposed on larger sewage systems that generate more than 10,000 litres of effluent per day on one lot would require a Certificate of Approval from the Ministry of Environment, Conservation and Parks under the Environmental Protection Act.

Some larger private or communal sewage treatment systems are also subject to the *Environmental Assessment Act* (generally where there is a surface water discharge).

For more information on larger private or communal sewage treatment systems, contact the Ministry of Environment, Conservation and Parks.

Communal Systems

Communal septic and communal well systems would generally require a servicing options and a hydrogeological report based on assessment of the specific circumstances.

Communal septic systems generating effluent of more than 4,500 litres per day would need a servicing options and a hydrogeological report.

Communal well systems for non-residential development may need a hydrogeological report.

Where communal services are proposed (water and/or sewage), the applicant must confirm, through a signed letter of acceptance, that the municipality or other public body would assume ownership and maintenance of these systems.

Entrance Permits

Any consent application that is proposed in close proximity to a provincial highway or has the potential to impact upon a provincial highway, would require an entrance permit from the Ministry of Transportation issued under the *Public Transportation* and *Highway Improvement Act*.

Contact your local Ministry of Transportation office to obtain information on permit requirements.

Record of Site Condition (RSC) for Contaminated Sites

Proposals for sensitive land uses on sites with potential soil contamination would require the completion of an environmental site assessment by a qualified person to determine the extent of contamination and to recommend actions for site remediation.

A change in activity regardless of the zoning could also trigger the need for an RSC as applicable law under the Building Code. An RSC is required when changing from industrial, commercial or community use to a more sensitive land use, such as residences or schools.

For more information on contaminated sites, refer to Ontario Regulation 153/04 (Records of Site Condition - Part XV.1) made under the *Environmental Protection Act*; and Ontario Brownfields website at www.ontario.ca/brownfields; or contact your local Ministry of Environment, Conservation and Parks office.

Permit for Alteration to Shoreline

If a proposed severance has potential to impact natural heritage areas or alteration to a shoreline, a permit would be required prior to any site alteration(s) or erecting of structures. Permits would be required from a local conservation authority or the Ministry of Natural Resources and Forestry (MNRF). Applicants are advised to discuss their proposal with the Ministry of Municipal Affairs and Housing or the municipality/planning board. You may be directed to contact your local area conservation authority or the MNRF office prior to making a formal application under the *Planning Act*.

Permit to Take Water

Section 34 of the *Ontario Water Resources Act* (OWRA) provides that "no person shall take more than a total of 50,000 litres of water in a day" for wells or surface water supply without a permit issued by a director of the Ministry of Environment, Conservation and Parks.

Crown Lands

Certain areas of Crown lands are identified by the MNRF as being of special interests, such as lake access points.

Consult your local regional Municipal Services Office as the first point of contact for assistance in dealing with planning issues relating to proposals requiring the acquisition or use of Crown lands.

For Contact the MNRF District Office regarding the actual acquisition or use of Crown land.
