The following notes are for your information:

---

**No. Notes**

---

1. It is the applicant's and/or agent's responsibility to fulfil the conditions of consent approval within two years of the date of this letter pursuant to Section 53(41) of the *Planning Act*. **We will issue no further notice or warning of the expiration of the two-year period.**

If the conditions to consent approval are not fulfilled within two years of the date of this letter and the applicant is still interested in pursuing the proposal, a new application will be required. **All documentation required for final approval should be provided to the Ministry of Municipal Affairs and Housing a minimum of one month prior to the lapsing date.**

2. The required Transfer/Deed of Land form and Schedule page shall contain complete and accurate legal descriptions. The Minister's certificate of consent will be affixed to the completed Schedule page. For this reason, the names of the parties also must be set out on the Schedule page, so that the consent may be properly related to the intended conveyance.

Inaccuracies or omissions with regard to the legal description in the Transfer/Deed of Land form, the Schedule page or the survey plan will result in the documents being returned without consent.

3. For future reference, building permits are not available in areas without municipal organization, but all buildings are required to comply with the provisions of the Ontario Building Code. If you have any questions regarding the building code please direct your questions to the Building and Development Branch of the Ministry of Municipal Affairs and Housing, 16th Floor, 777 Bay Street, Toronto, Ontario M5G 2E5, at 416-585-6666, or at [codeinfo@ontario.ca](mailto:codeinfo@ontario.ca).
4. Approval must be obtained from the local Health Unit for all sewage systems that require a permit, including greywater systems but excluding pit privies. The importation of suitable fill may be required to construct sewage treatment systems to the satisfaction of the Health Unit. The Health Unit can also provide information on construction requirements, including minimum distances required between sewage systems and sources of potable water.
5. New wells must be installed in accordance with the requirements of Ontario Regulation 903 (Wells). Water quality and quantity testing should be completed for each new lot in accordance with MECP's "*Technical Guideline for Private Wells*" (1996) and conducted by a qualified professional. If water from test wells exhibit values for health and aesthetic parameters that are above the Ontario Drinking Water Standards, the water must be

treated prior to consumption. Upon well installation, a qualified professional should also demonstrate that there is an adequate quantity of groundwater available to meet the requirements of the residence without interference to adjacent properties.

6. If activities on the lots could pose a risk to a species at risk or their habitat, the Endangered Species Act may be triggered at the time. If a species at risk authorization is required in the future, it is recommended that owners or prospective purchasers contact [SAR@ontario.ca](mailto:SAR@ontario.ca)
7. To protect existing structures and your property, MNR recommends a Fire Smart Plan. You can find information at on being FireSmart at <https://www.ontario.ca/page/firesmart>.
8. If any archaeological resources (artifacts or any other physical evidence of past human use or activity) are found, all alteration must immediately cease on the site and a licensed consultant archaeologist must be engaged to carry out an archaeological assessment in compliance with Section 48(1) of the Ontario Heritage Act prior to any further alteration. Any alterations or soil disturbance to an archaeological site prior to having met the requirements of Section 48(3) of the Ontario Heritage Act is an offence. The Ministry of Citizenship and Multiculturalism may be contacted for guidance ([archaeology@ontario.ca](mailto:archaeology@ontario.ca)).  
  
The Funeral, Burial and Cremation Services Act, 2002, S.O. 2002, c.33 requires that any person discovering human remains must cease all activities immediately and notify the police or coroner. If the coroner does not suspect foul play in the disposition of the remains, in accordance with Ontario Regulation 30/11 the coroner shall notify the Registrar, Ontario Ministry of Public and Business Service Delivery, which administers provisions of that Act related to burial sites. In situations where human remains are associated with archaeological resources, MCM should also be notified ([archaeology@ontario.ca](mailto:archaeology@ontario.ca)).
9. Prior to land clearing for agriculture, the owner of the severed or retained lands should obtain the original patent to identify whether the trees are reserved to the Crown, if so, the local MNRF office can be contacted to discuss licensing prior to harvesting.
10. There is a small creek that crosses the subject lands, as an unregulated system the water levels are subject to variation and associated erosion and flooding. This includes the potential for undercutting along the shorelines. MNR recommends the establishment and/or retention of a 30 meter wide naturally vegetated buffer.
11. MNR recommends maintaining 30 meter buffers on the existing creek system and wetlands to ensure agricultural runoff can be filtered before entering the waterways. If any future
