NOTICE OF DECISION

On Application for Consent

Subsection 53(17) of the Planning Act

On the **above noted date**, the Minister of Municipal Affairs and Housing (MMAH) gave a provisional consent to Application No. **60-C-252799** for a lot addition, in respect of the land described as PIN 42180-2579, Lot 260 on Plan M-222 and PIN 42180-2835, unsurveyed territory, unorganized community of Minaki, District of Kenora. A copy of the decision is attached.

Who Has Appeal Rights under the Planning Act

Other than the applicant, only a “specified person” or “public body”, as defined in s. 1(1) of the *Planning Act*, has the ability to appeal the decision to the Ontario Land Tribunal.

When and How to File a Notice of Appeal under the Planning Act

Notice to appeal the decision to the Ontario Land Tribunal must be filed with the Minister of Municipal Affairs and Housing (MMAH) on or before the last date of appeal as noted above.

The notice of appeal should be sent to the attention of Chelsea Flegel, Planner, at the address shown below and it must,

- (1) set out the reasons for the appeal, and
- (2) be accompanied by the fee required by the Tribunal, fee chart available at <https://olt.gov.on.ca/fee-chart/>.

How to Receive Notice of Changed Conditions

The conditions of a provisional consent may be changed at any time before the consent is given.

You will be entitled to receive notice of any changes to the conditions of the provisional consent if you make a written request to be notified of changes to the conditions of approval of the provisional consent.

Date of Decision: December 10, 2025
Date of Notice: December 10, 2025
Last Date of Appeal: December 30, 2025

The Minister's conditions to the granting of consent for this transaction **which must be fulfilled within two years from the date of this letter** are set out below. These conditions must be fulfilled prior to the granting of consent.

No.	Conditions
-----	------------

1. That this approval applies to permit adding approximately 0.127 hectares from PIN 42180-2835 to Lot 260, PIN 42180-2579 on Plan M-222, as applied for, in the above noted location in unsurveyed territory, in the unorganized community of Minaki, District of Kenora.
2. That the following documents be provided for the transaction described in Condition 1:
 - a. A copy of the application to transfer documents;
 - b. A schedule to application to transfer on which is set out the entire legal description of the parcel(s) in question. This Schedule must also contain the names of the parties indicated on application to transfer; and
 - c. A reference plan of survey, which bears the Land Registry Office registration number and signature as evidence of its deposit therein, illustrating the parcel(s) to which the consent approval relates; and/or a legal description of the lands to be severed which is acceptable to the land registrar.
3. That the application to consolidate the parcels be prepared and an undertaking from the person registering the documents shall be required agreeing to register the consolidations once the land transfers have been registered.
4. That prior to final approval, this Ministry must receive written confirmation from the holder of an Environmental Compliance Approval (ECA) for an approved septage disposal facility, referencing the disposal facility and the related MECP approval confirming it has sufficient reserve capacity to accept any additional hauled sewage from the proposed severed and retained lots.
5. That prior to final approval, the Ministry must be advised by the Northwestern Health Unit that the severed lands, together with PIN 42180-2609, Lot 261 on Plan M-222 have been inspected and are suitable for the installation of a subsurface sewage

system; or alternatively if the sewage works will have a design capacity greater than 10,000L/day, that an ECA approval is given by MECP.

6. This Ministry is to be advised in writing by the transferor that the Offer of Purchase and Sale agreement, or alternatively an acknowledgement by the transferor and transferees if the transaction is between family members, contains the following clause:
- a. No assessment has been undertaken for groundwater quality or quantity. Groundwater supplies may not be adequate to support the use of individual private wells, should this source of water be used in future.
 - b. Should wells be considered as drinking water sources, they must be constructed in accordance with Regulation 903 - Wells, under the Ontario Water Resources Act.
 - c. The water of the Winnipeg River should not be used for human consumption unless it is disinfected and/or treated to meet the Ontario Drinking Water Quality Standards, as stipulated in O. Reg. 169/03 of the Safe Drinking Water Act.
 - d. Domestic waste must be appropriately handled and disposed of at an approved waste disposal facility.
 - e. The use of Best Management Practices for shoreline development is strongly recommended. Best Management Practices such as shoreline naturalization and vegetated buffer strips can reduce the adverse effects of shoreline development on inland lakes. It is recommended that sewage systems be located where native soils are deepest, and at the furthest distance possible from the shoreline.
 - f. The landowners shall implement best management practices to prevent localized increase in phosphorous, algae and weeds along the shoreline. Several best management practices should be considered to protect local waterquality including minimizing stormwater volumes and contaminant loads. Examples include:
 - Avoid developing next to the shoreline for a minimum of 30 metres and maintaining vegetation along the shore and around the property;
 - Use grassed swales and/or vegetated filter strips on lots that

The following NOTES are for your information:

NOTES:

1. The required Transfer/Deed of Land form and Schedule page shall contain a complete and accurate legal description. The Minister's certificate of consent will be affixed to the completed Schedule page. For this reason, the names of the parties also must be set out on the Schedule page, so that the consent may be properly related to the intended conveyance.

Inaccuracies or omissions with regard to the legal description in the Transfer/Deed of Land form, the Schedule page or the survey plan will result in the documents being returned without consent.

2. All Buildings, including those in unorganized territories, have been required to comply with the Ontario Building Code since December 31, 1975. At this time in unorganized territory, building permits and the payment of permit fees are not required. Inquiries about the Building Code should be made to:

3. Approval must be obtained from the local Health Unit for all sewage systems that require a permit, including greywater systems but excluding pit privies. The importation of suitable fill may be required to construct sewage treatment systems to the satisfaction of the Northwestern Health Unit. The Health Unit can also provide information on construction requirements, including minimum distances required between sewage systems and sources of potable water.
4. New wells must be installed in accordance with the requirements of Ontario Regulation 903 (Wells). Water quality and quantity testing should be completed for each new lot in accordance with MECP's *Technical Guideline for Private Wells* (1996) and conducted by a qualified professional. If water from test wells exhibit values for health and aesthetic parameters that are above the Ontario Drinking Water Standards, the water must be treated prior to consumption. Upon well installation, a qualified professional should also demonstrate that there is an adequate quantity of groundwater available to meet the requirements of the residence without interference to adjacent properties.
5. If any archaeological resources (artifacts or any other physical evidence of past human use or activity) are found, all alteration must immediately cease on the site and a licensed consultant archaeologist must be engaged to carry out an archaeological assessment in compliance with Section 48(1) of the Ontario Heritage Act prior to any further alteration. Any alterations or soil disturbance to an archaeological site prior to having met the requirements of Section 48(3) of the Ontario Heritage Act is an offence. The Ministry of Citizenship and Multiculturalism may be contacted for guidance (archaeology@ontario.ca).

The Funeral, Burial and Cremation Services Act, 2002, S.O. 2002, c.33 requires that any person discovering human remains must cease all activities immediately and notify the police or coroner. If the coroner does not suspect foul play in the disposition of the remains, in accordance with Ontario Regulation 30/11 the coroner shall notify the Registrar, Ontario Ministry of Public and Business Service Delivery, which administers provisions of that Act related to burial sites. In situations where human remains are associated with archaeological resources, MCM should also be notified (archaeology@ontario.ca).
