The Minister's conditions to the granting of consent for this transaction **which must be fulfilled within two years from the date of this letter** are set out below. These conditions must be fulfilled prior to the granting of consent.

No.	Conditions
1.	That this approval applies to create a new lot of approximately 1.7 hectares, as applied for, in the above noted location in Unincorporated Territory, District of Kenora.
2.	That the following documents be provided for the transaction described in Condition 1: a. A copy of the application to transfer documents; b. A schedule to application to transfer on which is set out the entire legal description of the parcel(s) in question. This Schedule must also contain the names of the parties indicated on application to transfer; and c. A reference plan of survey, which bears the Land Registry Office registration number and signature as evidence of its deposit therein, illustrating the parcel(s) to which the consent approval relates; and/or a legal description of the lands to be severed which is acceptable to the land registrar.
3.	That prior to final approval, this Ministry must receive a letter from the Northwestern Health Unit (NWHU) which states that both the severed and retained parcels have been inspected by the NWHU and are suitable for the installation of a subsurface sewage system or that the existing systems meet their requirements.
4.	That prior to final approval, and pursuant to subsections 53(12) and 51(25) and 51(26) or (27) of the Planning Act, the applicants shall enter into a Consent Agreement for the severed and retained parcels with the Ministry of Municipal Affairs and Housing (MMAH), to its satisfaction, addressing the potential development of the lands, including: a. the parcels can only be used for resource-based recreational uses (including a recreational dwelling) and is not to be used for permanent residential, commercial or industrial uses; b. restrictive covenants, prepared to the satisfaction of the Ministry of Municipal Affairs and Housing, to consolidate via Section 118 of the Land Titles Act (LTA) the northern and southern portions of the severed and

The following NOTES are for your information:

NOTES:

1. The required Transfer/Deed of Land form and Schedule page shall contain a complete and accurate legal description. The Minister's certificate of consent will be affixed to the completed Schedule page. For this reason, the names of the parties also must be set out on the Schedule page, so that the consent may be properly related to the intended conveyance.

Inaccuracies or omissions with regard to the legal description in the Transfer/Deed of Land form, the Schedule page or the survey plan will result in the documents being returned without consent.

2. All Buildings, including those in unorganized territories, have been required to comply with the Ontario Building Code since December 31, 1975. At this time in unorganized territory, building permits and the payment of permit fees are not required. Inquiries about the Building Code should be made to:

4. Approval must be obtained from the local Health Unit for all sewage systems that require a permit, including greywater systems but excluding pit privies. The importation of suitable fill may be required to construct sewage treatment systems to the satisfaction of the Northwestern Health Unit. The Health Unit can also provide information on construction requirements, including minimum distances required between sewage systems and sources of potable water.
5. New wells must be installed in accordance with the requirements of Ontario Regulation 903 (Wells). Water quality and quantity testing should be completed for each new lot in accordance with MECP's "*Technical Guideline for Private Wells*" (1996) and conducted by a qualified professional. If water from test wells exhibit values for health and aesthetic parameters that are above the Ontario Drinking Water Standards, the water must be treated prior to consumption. Upon well installation, a qualified professional should also demonstrate that there is an adequate quantity of groundwater available to meet the requirements of the residence without interference to adjacent properties.
6. If any archaeological resources (artifacts or any other physical evidence of past human use or activity) are found, all alteration must immediately cease on the site and a licensed consultant archaeologist must be engaged to carry out an archaeological assessment in compliance with Section 48(1) of the Ontario Heritage Act prior to any further alteration. Any alterations or soil disturbance to an archaeological site prior to having met the requirements of Section 48(3) of the Ontario Heritage Act is an offence. The Ministry of Citizenship and Multiculturalism may be contacted for guidance (archaeology@ontario.ca).

The Funeral, Burial and Cremation Services Act, 2002, S.O. 2002, c.33 requires that any person discovering human remains must cease all activities immediately and notify the police or coroner. If the coroner does not suspect foul play in the disposition of the remains, in accordance with Ontario Regulation 30/11 the coroner shall notify the Registrar, Ontario Ministry of Public and Business Service Delivery, which administers provisions of that Act related to burial sites. In situations where human remains are associated with archaeological resources, MCM should also be notified (archaeology@ontario.ca).

7. As of April 1, 2026, the *Endangered Species Act, 2007* has been repealed and replaced by the *Species Conservation Act, 2025*. It is the Applicant's responsibility to comply with all applicable requirements of the *Species Conservation Act, 2025*.
8. It is the applicant's and/or agent's responsibility to fulfill the conditions of consent
