ISSUE: The attached is the Registry Information Form (RIF) that will be posted on the Environmental Registry (ER) regarding the Exploration Permit recently submitted by Terry Halverson (PR-21-000273) for his/her Tyko project. Under the <i>Mining Act</i>, an Exploration Permit is required to carry out certain early exploration activities (as prescribed in O. Reg. 308/12) on a mining claim, mining lease or license of occupation for mining purposes. Pursuant to the <i>Classification of Proposals for Instruments Regulation</i> (O.Reg. 681/94) under the Environmental Bill of Rights (EBR), all proposals to issue an Exploration Permit under the <i>Mining Act</i> section 78.3 must be posted for 30 days on the ER for public comment and consideration of those comments prior to the decision to issue a permit and what terms and conditions should apply to the permit.
