1. Mobilization/Demobilization

Written notice shall be provided to the Ministry of Energy and Mines as follows:

- a) not less than four (4) weeks prior to commencing the early exploration activities authorized by this Permit which, for greater certainty, shall include the mobilization of personnel and equipment to the site required for carrying out those activities;
- b) after a period of temporary suspension of activities of greater than four (4) weeks, not less than one (1) week prior to recommencing the early exploration activities authorized by this permit;
- c) not less than two (2) weeks prior to the anticipated final demobilization of personnel and equipment required for carrying out the early exploration activities authorized by this Permit; and
- d) delivered by email to TBay-MDLB@ontario.ca

2. Set-backs

No early exploration activities authorized by this Permit shall be carried out within 30 meters of any water body, as defined by the Provincial Standards.

3. Site Inspections

For each site where exploratory drilling is undertaken pursuant to this permit, within 14 days after such exploratory drilling is completed and the drill rig is removed from the site, the permit holder shall provide the Ministry (by email to TBay-MDLB@ontario.ca) with written confirmation that the permit holder has complied with Schedule 1 to O. Reg. 308/12 and, for greater certainty, has removed all refuse, fuel drums, equipment and any other material or thing brought onto the site, together with photographs that depict the entire site and identify the date on which the photographs were recorded.

4. Seasonal

No early exploration activities authorized by this Permit shall be carried out on or between April 15 to May 15 and September 10 to October 15, each year.

Collection of personal information, if any, on this form is authorized by sections 7, 78.2, 78.3, and subsection 178.2(1) of the *Mining Act* for the purpose of creating a public record as described in section 37 of the *Freedom of Information and Protection of Privacy Act*. This information may also be posted in a modified form on the Ministry of Northern Development and Mines website and on the Environmental Registry for public comment. 2. Exploration Logistics and Detailed Information

Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information.

No

What commodity or commodities are being sought in the work program?

REE, Nb, P2O5

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

Heli support. There is an air strip on highway 808 100km north of Pickle lake. We intend upon creating a laydown at a pullout nearby and transport personnel via helicopter to the claims from there.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail.
