

Stations by Planned Density

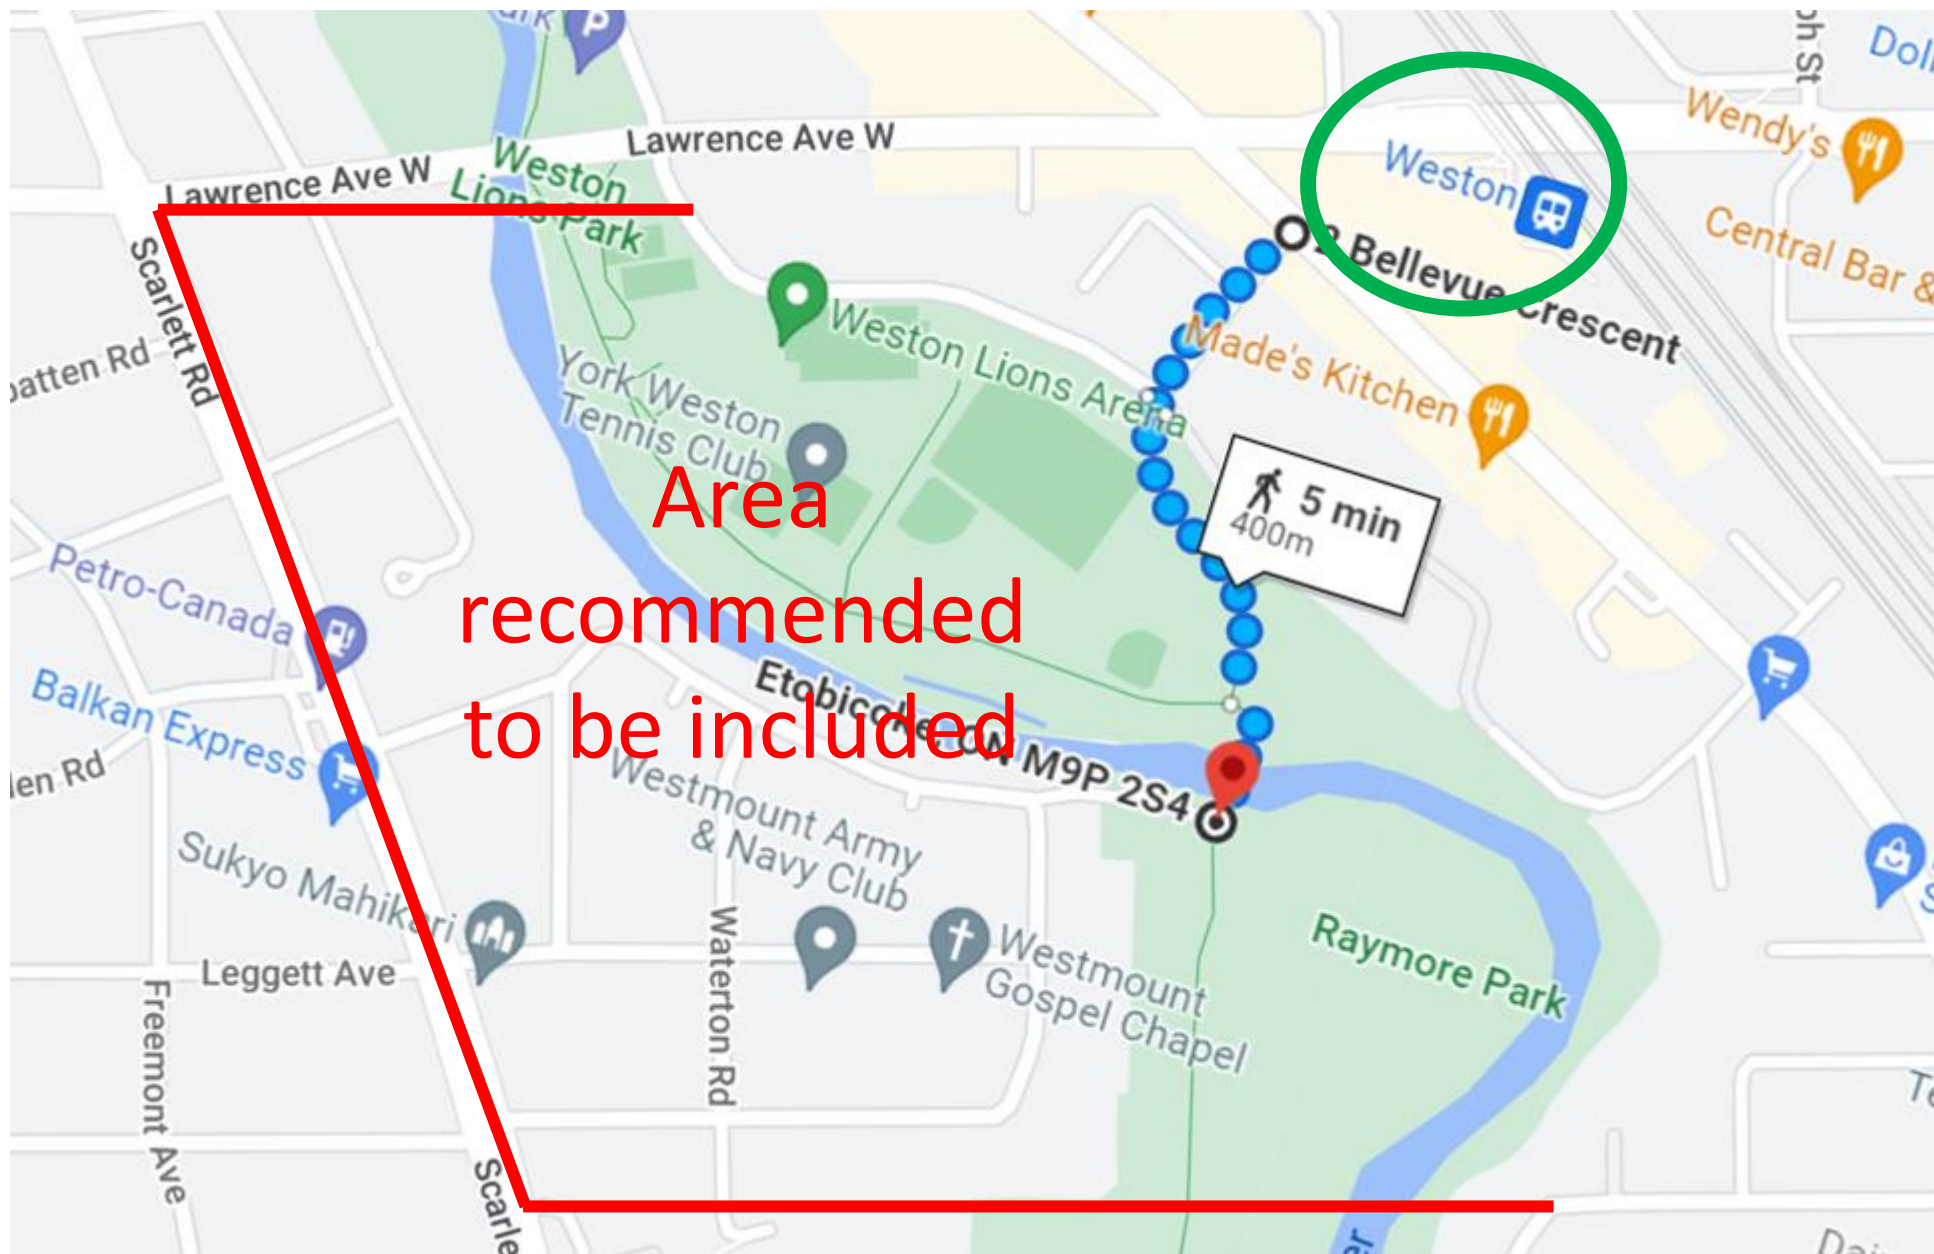

- Existing and Planned Stations
- 800m Station Radius
- Ontario Priority Transit Projects

This image depicts an 800m station radius around the Weston GO Station. This radius includes the area west of the Humber River, which was omitted in the City's MSTA Map.

Area West of the Humber River

- Residents in this area (west of the Humber River) have access to the Humber River Recreational Trail to walk to the Weston GO Station, which takes no longer than 10 minutes.
- From the Raymore Park entrance, it takes 5 minutes or 400m to walk to Weston GO Station
- Therefore, it is recommended the additional (red-lined) area west of the Humber River be added to the MTSA

Area
recommended
to be included
