

February 1, 2023

To whom it may concern

We understand the Township of Oro-Medonte will be requesting the consideration of settlement area expansions as part of this exercise and we are requesting that our property be included for the following reasons:

1. Contiguous boundary with settlement area
2. Property is adjacent to village of Moonstone which makes it ideal for growth:
5626, line 8 north, Moonstone
3. Water line and fire hydrants are already located on our road
4. Property maps included in this attachment

Please don't hesitate to contact me directly if you have any questions.

Thank you for your consideration.

Kind regards

Terrie Cholack
